ART SPECS

THIS IS HOW IT WORKS...

When **submitting artwork or designing your own ad** please follow the guide & specs below and utilize the ad copy sheets to aid in the design of your advertising.

FILES WE ACCEPT

SOFTWARE

✓ Adobe Photoshop CC (or earlier)

✓ Adobe Illustrator CC (or earlier)

FILE FORMATS

✓ Word & PowerPoint (for layout design & ad copy): doc • docx • ppt & pptx.

✓ Adobe Photoshop CC: psd • tiff • eps. Files should 300 dpi.

✓ Adobe Illustrator CC (or earlier): eps • pdf • ai (preferred).

✓ Stand Alone pdf: Fonts must be outlined.

PHOTOGRAPHS & FONTS

✓ Photographs should be submitted as a high resolution digital images. We do scan business cards or printed matter for photographs. We prefer a 4x6 or larger or a high resolution photo.

✓ Fonts should be included with all documents even if they have been rasterized or outlined. In case there is a change or correction to your ad we will have your fonts to use.

NOT ACCEPTED

Web Graphics: Most images are in fact low resolution (72 dpi), designed for visual appearance on computer monitors. Some web images will work, we'd prefer images over 600kb. Know they might appear jagged or blurry when used in print productions.

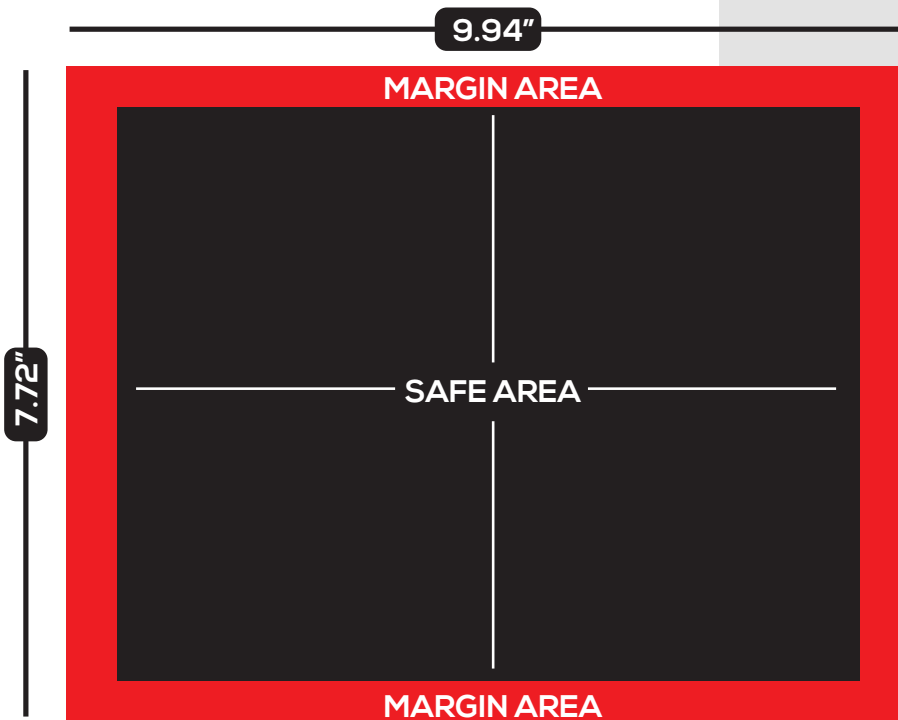

Publisher Files • Corel Draw • AutoCad • PrintShop Pro • Word Perfect Pagemaker.

NOSE ADS

Available upon request downloadable templates with margins for Adobe Illustrator & Photoshop.
Contact your coordinator or sales rep for link.

9.94in x 7.72in

4 Margin Areas

A **margin area** runs along all 4 sides of the document. The **margin area** may be covered by the frame your ad will be installed in. Therefore, keep all text and graphics you want to be clearly seen, in the **safe area** of your ad. All background color should continue into the **margin area**, all the way to the edge of the page, in order to avoid white edges when your ad is cut to size.
